

Shantrice N. Williams, FNP-C
Nurse Practitioner
School-Based Clinics Provider
Byram Middle School
Pecan Park Elementary School

“Let no one ever come to you without leaving better and happier. Be the living expression of God’s kindness: kindness in your face, kindness in your eyes, and kindness in your smile for kindness is the language that even the deaf can hear, and the blind can see.” – Mother Teresa

Shantrice N. Williams, FNP-C, who is a Mississippi native, is a Family Nurse Practitioner at Jackson Hinds Comprehensive Health Center where she serves in the role of a School-Based clinics provider at the Byram Middle School and Pecan Park Elementary School clinics. She has worked as Family Nurse Practitioner for two and a half years, and she has been a Registered Nurse (RN) for over twelve years. Over the years, Shantrice has

established a very diverse nursing background gaining a wealth of knowledge in many areas of nursing.

Since the age of eleven, Shantrice knew that she wanted to serve others. After being influenced by other medical professionals in her family, she discovered that her calling to serve was directly related to the profession of nursing. She began her nursing career at Hinds Community College, where she received her Associate Degree in Nursing (ADN). Shortly after obtaining her ADN, she began to pursue her Bachelor of Science Degree in Nursing (BSN) at Chamberlain University in Chicago, Illinois. Once she achieved her BSN, Shantrice knew that she wanted to further her nursing career and contribute more to the profession of nursing in the role of an Advance Practice Registered Nurse (APRN), so she then set her sights on pursuing a Master’s of Science Degree in Nursing (MSN) with a concentration on becoming a Board Certified Family Nurse Practitioner (FNP). In 2015, Shantrice graduated with honors from her MSN-FNP Program at Walden University in Baltimore, Maryland. Shortly after graduating and becoming a Board Certified Family Nurse Practitioner, Shantrice began to pursue her Doctor of Nursing Practice (DNP) degree, which is currently underway. Shantrice is also a member of Sigma Theta Tau International Honor Society of Nursing, the American Association of Nurse Practitioners, and the Mississippi Association of Nurse Practitioners.

Shantrice is a proud mother to her ten year old daughter Jaidyn. In her free time she enjoys spending time with her daughter and her loved ones. Shantrice also enjoys bowling, mentoring, painting, singing, and traveling. Shantrice is grounded in faith, and accredits God for all of her achievements- both professionally and personally. Shantrice enjoys providing care for patients of all ages, but she especially loves her school based role as she feels this allows her to have a positive impact on the communities she serves. ***Shantrice’s vision is to advance healthcare equity in school based health centers, and her goals in the role of the school based provider are to foster the growth, development, and health literacy of all students, regardless of their socio-economic background by promoting health and wellness in a safe and supportive environment, and to overall be of service to every person that she encounters in her daily practice.***
